Introduction

Appropriate delegation of authority is fundamental to the effective and efficient management and operation of the University.

The purpose of this policy is to establish the principles that govern the delegation of authority and to outline the process by which the authority to act and to make decisions is delegated.

A clear delegation of authority will:

a) assign clear authorities and accountabilities, thereby ensuring that decisions made and actions taken are by the appropriate levels;

b) create a sound internal control environment;

c) facilitate efficient decision making;

d) maintain fiscal integrity; and

e) ensure that transactions are executed as intended and in accordance with applicable law, regulations, and University policy.

This policy applies to the First Nations University of Canada and the authorities and duties held by the Board of Governors of the First Nations University of Canada.
